ABSTRACT

Library Book Tracker Android App can be very useful apps to the users/members of a library in many ways. This app helps the users/members to have most of the library facilities at one place. This app will also save the valuable time of its users/members. As this is a server based application, the users will remain updated about his/her activities of library such as books availability, graphical book location, borrowed/returned book status and penalty/fine status, book reservation, notice of library, yearly book generate reports, etc. Our project is to make the library system better for its users.

ACKNOWLEDGEMENTS

We satisfied that the successful completion of any task would be incomplete without the mention of people whose ceaseless co-operation made it possible, whose constant guidance and encouragement crown all efforts with success. We would like to thank Almighty Allah, the most merciful for keeping his blessings on us in every sphere of life.

We are grateful to our guide teacher Mrs. Kanija Muntarina, Assistant Professor, Department of Computer Science and Engineering, Dhaka City College for her exemplary guidance, monitoring and constant encouragement throughout this project. The blessing, help and guidance given by her time to time will carry us a long way in the journey of life on which we am about to embark.

We express a deep sense of gratitude to Mrs. Sabiha Sultana, Chairman, Department of Computer Science and Engineering, Dhaka City College for inspiring me and giving us the opportunity to participate in this project.

We also acknowledge with a deep sense of reverence, our gratitude towards my teachers for their cordial support, guidance, which helped us in completing this task through various stages. Gratitude goes to all of our teachers who directly or indirectly helped us to complete this project report.

We wish to express our sincere thanks to all the faculty of Computer Science Department, for providing a conductive environment for proper development of project and the necessary facilities for completion of project.

Any omission in this brief acknowledgement does not mean lack of gratitude**.**
